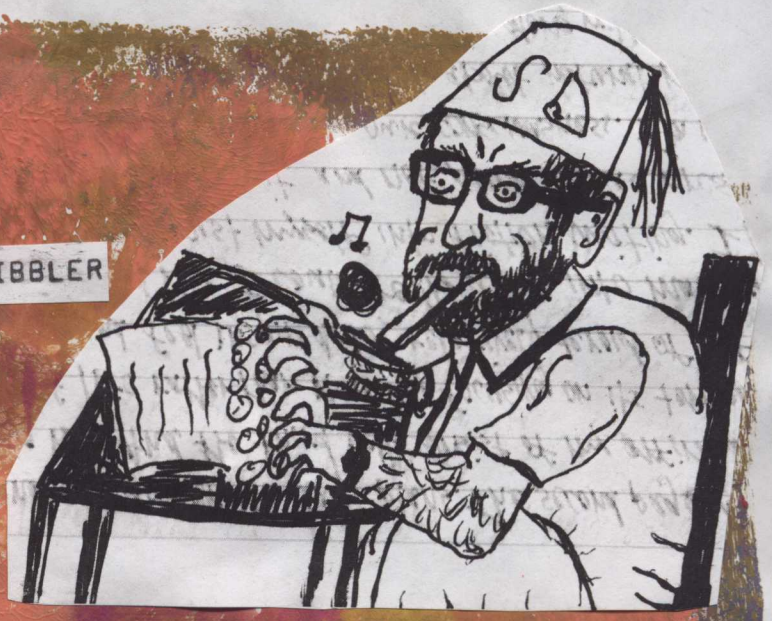
LETTER FROM THE SCRIBBLER

LETTER FROM THE SCRIBBLER



My fellow rapscallions,
For the sixth time in recorded history, something abhorrent, frightful, and treacherously hilarious...is afoot. It has slinked its way out of the sewers & onto the unsuspecting streets of our fair and pungent Salt Lake City. What could it possibly be??! Are we all in immediate danger? Are YOU in immediate danger?? Why yes, you are, my rascally wretch. In fact...YOU'rE HOLDING IT IN YOUR HANDS RIGHT NOW!!! (Cue Wilhelm Scream). Yes, you are now at the mercy of "HUMDINGER" #6! Feel its absurd and existential tentacles constrict around your midriff! Your only hope of escaping with your flesh and questionable sanity intact is to pore and slaver over these masterful pages. These mediorcre drawings, don't they just rev your engine? These inane and psychologically off-kilter blatherings: don't they just make you wanna scoop out your eyeballs with a grapefruit spoon and feed them to starving street urchins? Just you wait, rapscallion reader. As you read, ingest, luxuriate in, and find yourself irrevocably altered by these pages, you may find yourself ultimately uninterested in evading the baby soft stranglehold "HUMDINGER" most certainly has you in, just before smothering your cries and thunderous laughter with its spongy yet taut pectoral flesh. Once you are done reading & licking the juices from your fingers, throw your glasses & your fez into the air, and crawl back into the sewers. I love you all, and pick my nose in your honor.

Swimmingly,
VSC
